

Dairyland Power Cooperative is proposing to construct a new 345 kV transmission line following an existing transmission line corridor between the Alma Substation near the Mississippi River and the Tremval Substation near Blair, Wis. Dairyland is proposing two route options.

**Join us at an upcoming open house – in person or online – to learn more about the project and provide feedback.** Your participation will help determine the route development process.

### In-Person Public Open Houses

**Tuesday,  
January 30, 2024**

11 a.m.-1 p.m.  
**OR** 4-6 p.m.

**Walker's  
Silvermoon**

S1582 WI-35  
Alma, WI 54610
